

The Washington State Department of Natural Resources has issued a

permit to log on the 38 acres adjacent on two sides to Cougar Mountain Regional Wildlands Park.

A citizen lead grass roots CAMPAIGN is under way to create a Public Agency - Private Partnership to purchase this forested land.

The effort is supported by many conservation- recreational organizations and the cities of Renton & Newcastle

Funds Available

King County collects a “Conservation Futures” real estate tax at the rate of 3.8 cents for every \$1,000 of assessed property value.

These funds are available to protect the region’s most vulnerable forests, farmlands and shorelines.

The De Leo wall property is a prime example of property that needs to be conserved. If logged, the trails and view will be lost for generations to come.
